SAT Reasoning Test or SAT Subject Tests at: www.collegboard.org

ACT Test at: www.actstudent.org

Confirm that your calculator is approved for the test. In general the TI-83, TI-84, and TI-Nspire (non-CAS) are permitted.

-----*We are unable to register you for the real tests*-----

Maximize the Course

Practice Tests and Lessons

Finish What You Start. All lessons and practice tests should be completed by the real test.

Be Structured. If possible, the first test should be before the first lesson and final lesson should be close to the test date.

Be Prepared. For the tests, bring pencils, a calculator and snacks. For the lessons, bring pencils, a calculator, and all provided materials.

Leave It. Get in the habit of leaving your cell phone in the car.

Homework

Be Committed. We assign approximately 3+ hours of HW per lesson. In general, HW is due by the next lesson.

Be Accountable. To keep students motivated, we randomly spot-check one page of each HW assignment. If that page is incomplete/insufficient, an auto-email will be sent to families.

Make It Right. If you miss an assignment, the next lesson will still be great. Get caught up when you have time, and review all practice tests while you're at it.

Office Policies

Rescheduling

Give Us A Heads Up. More than 24-hrs notice is required to reschedule a private lesson. Without adequate notice, a fee will be applied.

Payment

Upfront. Payment for each lesson is due in advance of the lesson. Checks are preferred.

Trust

Help Us Help You. Trust the process by trusting in your child. You've hired us and we know how to help your student succeed! Let your student know you're proud of him or her for being in the process and trying new things. The more you believe in your student, the more he or she will believe in him or herself! Hugs and high-fives are nice too!
